

5dBi On-glass OMNI Antenna 3G 4G 5G

NG5OMNI-5T-F

On-glass antenna provides medium gain and versatility for 3G, 4G and 5G NR services. The two-part base is designed for easy installation on a vehicle windscreen or any other glass surface. Mounts either side of the glass surface using peel-off adhesive pads. No need for holes. Constructed with steel radiator and detachable plastic base. Comes with a 5 metre 195 grade cable terminated with FME Female connector.

Recommendations/Installation

These antennas are designed for vehicle use. Good for marginal service areas. No installation tools or skills required.

Specifications:

Freq. Range MHz	690-960 / 1710-2700
Gain dBi	5
VSWR	<1.8
Impedance ohms	50
Radiation/Polarization	Omni-Directional/Vertical
Material	Steel Radiator/Plastic Base
Colour	Black
Weight Grams	280
Max. Power Watts	50
Connector	FME Female
Cable	5 metre LMR195
Mounting Method	Peel-off Adhesive pads - placed on glass
Dimensions mm	440 (l), 42 x 42 base
Temperature Rating degrees C	-40 to +70
