

## Times TK-400EZ Coaxial Cable Preparation Tool Kit LMR400

**CK4000**

Times Microwave TK-400EZ Coaxial Cable Preparation Tool Kit for LMR400 Coax Cable. The kit includes the necessary tools for non-solder type Ezi Fit Clamp or Crimp connectors.

### The Times TK-400EZ Coaxial Cable Preparation Tool Kit contains:

- 1 x CCT-03 Cable Cutting Tool designed to cut from LMR100 – LMR600
- 1 x CST-400 Cable Stripping Tool designed to precisely strip LMR400 to suit Crimp or Clamp EZI Fit connectors
- 1 x CT-400/300 Crimping Tool designed with ultra strong dies for LMR400 Crimp EZI Fit connectors
- 1 x Black Tool Bag

**CCT-03 Cutting Tool** - The CCT-03 cutting tool has been designed with ease of use in mind. Simply spin the tool, and it cuts the cable perfectly every time. The CCT-03 cutting tool has a hardened blade, that allows 1000's of cable cuts, with no degradation to the blade. Designed to cut from LMR-100 – LMR-600.

**CST-400 Cable Stripping Tool** - The CST-400 Cable Stripping Tool will cut the cable (to centre conductor), cut and strip the cable jacket stripper and also features built-in centre conductor deburring tool. There is also an adjustment setting to allow for LMR400 Crimp connectors or LMR400 Clamp connectors. Provides consistently sharp accurately dimensioned cut of dielectric for best VSWR performance and easy connector installation.

**CT-400/300 Crimp Tool** - The CT-400/300 Crimp Tool is used to crimp the connector on to the LMR-400 coaxial cable when using Ez Fit LMR400 Crimp Connectors. The Crimp Tool has been specifically designed with ultra strong dies for 1000's of crimps without degradation.
